1. General Conditions

1.1. This tariff covers all commonly incurred activities within the container terminal. The services, not included in the tariff, are provided based on mutually agreed fee by parties. For urgent issues, the terminal operator may provide services without looking for mutual confirmation and determines this service fee according to market price. Should the operating environment change, for example as a result of evolving regulations, we reserve the right to introduce tariff items associated with such changes by mutual agreement.

1.2. VAT is excluded from all prices. The invoices and payments will be in NOK currency. Yilport Oslo will invoice the Customer for all services carried out under this document. If the customer fails to pay in full any undisputed sum payable within 30 days of the invoice date, the amount outstanding shall bear interest at the rate of 12% and shall be imposed till the payment day. An administration fee of NOK 54 will be charged for the collection of overdue payments.

1.3. **Working Hours & Overtime Rules**

Vessel Operation Working Hours

Normal working hours: Monday to Friday 06:00 to 16:00

Overtime 1 (OT1): Monday to Thursday 16:00 to 20:00,

Overtime 2 (OT2): Monday to Thursday 20:00 to 06:00, and from 16:00 Friday through 06:00 Monday

Overtime 3 (OT3): Public Holidays

Note that OT2 applies between 12:00 – 16:00 on Christmas Eve, New Year's Eve, and the Wednesday prior to Easter. OT3 applies as from 16:00.

Depot Working Hours

Monday to Thursday 06:00 to 17:00, Friday 06:00 to 15:45.

Any demand on late gate/overtime work should be confirmed by terminal operator and will be invoiced according to Late Gate Charge tariff.

1.4. **Renting of STS crane**

If needed to assist crew lashing. Includes STS, basket, crane driver and radio man:

Regular time: NOK 3 100 per hours

OT1: NOK 4 650 per hour

OT2: NOK 5 580 per hour

OT3: NOK 7 750 per hour

1.5. **Berthing Window**

For services with an Oslo call frequency of at least once per week, Yilport Oslo will consider fixed window arrangements based on availability.

The Terminal Operator guarantees 18 Container moves per STS crane per working hour. The period measured is from first container lift through last container lift on the vessel call (excluding breaks and mandatory rest periods). The measurements will be provided via Yilport Standard Terminal Departure Report. The following conditions must be met for the productivity guarantee to apply:

- a) All Container information concerning loading and/or discharging operations has been made available
- b) Container Vessel ETA is accurate as outlined in the pro forma schedule
- c) Changes in stowage which may occur during Loading and/or Discharging operations are excluded, however, minor agreed changes which are not hindering present operations are allowed
- d) The trim, the structure and mooring allow a continuous work of each operational gang
- e) The Containership is a full cellular vessel, is suitably configured and equipped and meets health and safety standards
- f) Any conditions which may result in suspended operations and corresponding lost time due to health and safety concerns will be deducted from the crane productivity calculation
- g) Any lost time associated with winds in excess of 21 m/s will be deducted from the crane productivity calculation
- h) Any lost time associated with discharging/loading break bulk, OOG or containers arriving in damaged condition will be deducted from the crane productivity calculation

The Terminal Operator shall pay to the Line compensation in line with the below:

Vessel Move Count	Operator's Compensation
1 – 200 moves per call	NOK 6 000
201 – 400 moves per call	NOK 12 000
>400 moves per call	NOK 18 000

For services which arrive outside of prescribed windows, berth guarantees and productivity guarantees are not valid. Arriving “out of window” is defined as arriving four (4) or more hours after the pro forma start time.

For vessels arriving (ready for operations) outside of prescribed windows, the operator will be given the opportunity to:

1. Begin operations on the vessel at the next available open window (to be communicated by Yilport Oslo Operations Manager), with no penalties
2. Begin operations at the earliest possible start time, subject to the following incremental costs for what will be termed “emergency gangs”. Emergency gang fees are in addition to all other applicable tariff items.

Shift	Emergency Gang Fee (per crane)
Regular time	NOK 8 000
OT1	NOK 12 000
OT2	NOK 14 400
OT3	NOK 20 000

A vessel berthing early, whereby operations are planned to start within the normal window, would not be deemed as “out of window”. A vessel arriving early, whereby operations are requested to commence in advance of the pro forma start time will be serviced based on availability of berths, cranes, and labor.

Productivity guarantees and Emergency gang procedures are to be conducted between Yilport Oslo and the vessel operator. Any related penalties paid by Yilport Oslo to the vessel operator or Emergency Gang fees to be paid by the vessel operator will be settled directly between Vessel operator and Yilport Oslo. There will be no pro-rating of such incentives or changes between VSA partners.

1.6. Gang Ordering Procedures

Lines must confirm vessel ETA and gang request by 12:00 on the calendar day prior to operations. More advanced confirmation is required for vessels arriving on public holidays or on the day following a public holiday.

Gang orders for vessels arriving within prescribed windows will be confirmed by 14:00 on the business day prior to operations. Gang orders for vessels arriving outside of prescribed windows will be provided as soon as appropriate labor can be identified.

Cancellation of confirmed Gangs:

Cancellation of gangs after gangs are confirmed are subject to the following cancellation charges:

Regular time:	NOK 20 000
OT1	NOK 30 000
OT2	NOK 36 000
OT3	NOK 50 000

Vessel Waiting Time Tariff (NOK per hour per crane)

Vessel waiting time applies from the confirmed gang order time to actual time that vessel is clear for operations (ie gangway set, nets secured, unlashng completed, reefer units unplugged)

Regular time:	NOK 9 000
OT1	NOK 13 500
OT2	NOK 16 200
OT3	NOK 22 500

1.7. Documentation & Cargo Cutoffs / EDI Communication
